STATEMENT FILED PURSUANT TO THE DUTY OF
DISCLOSURE UNDER 37 CFR §§1.56, 1.97 AND 1.98

Sir:

Pursuant to the duty of disclosure under 37 C.F.R. §§1.56, 1.97 and 1.98, the Applicants request consideration of this Information Disclosure Statement.

PART I: Compliance with 37 C.F.R. §1.97

This Information Disclosure Statement has been filed before the mailing date of a first Office Action on the merits in the above-identified case.

No fee or certification is required.

PART II: Information Cited

The Applicant hereby makes of record in the above-identified application the information listed on the attached form PTO-1449 (modified). The order of presentation of the references should not be construed as an indication of the importance of the references.

RECEIVED
JUN 13 2001
TECHNOLOGY CENTER R3700

The Applicant hereby makes the following additional information of record in the above-identified application:

1. A copy of a search report in a corresponding International Application PCT/US01/00691
2. An Informal English translation of German Utility Model DE 299 04 653 U1.

PART III: Explanation of Non-English Language References and Remarks Concerning Other Information Cited

The following is a concise explanation of the relevance of each non-English language reference listed on the attached form PTO-1449:

Pursuant to MPEP §609A(3), because an informal translation of reference A3 is provided, no concise explanation of reference A3 is required. Further, even if a concise explanation was required, under §609A(3) the above-identified search report would satisfy such requirement.

The informal English translation was prepared by an employee of Applicants' representatives. Although this employee is fluent in the German language, she does not have a technical background, is not a professional translator, and performing translations is not a customary part of her job responsibilities.

PART IV: Remarks

Documents cited on the attached form PTO-1449 are enclosed unless otherwise indicated on the attached form PTO-1449. It is respectfully requested that:

1. The Examiner consider completely the cited information, along with any other information, in reaching a determination concerning the patentability of the present claims;
2. The enclosed form PTO-1449 be signed by the Examiner to evidence that the cited information has been fully considered by the Patent and Trademark Office during the examination of this application;
3. The citations for the information be printed on any patent which issues from this application.

By submitting this Information Disclosure Statement, the Applicant makes no representation that a search has been performed, of the extent of any search performed, or that more relevant information does not exist.

By submitting this Information Disclosure Statement, the Applicant makes no representation that the information cited in the Statement is, or is considered to be, material to patentability as defined in 37 C.F.R. §1.56(b).

By submitting this Information Disclosure Statement, the Applicant makes no representation that the information cited in the Statement is, or is considered to be, in fact, prior art as defined by 35 U.S.C. §102.

Notwithstanding any statements by the Applicant, the Examiner is urged to form his own conclusion regarding the relevance of the cited information.

An early and favorable action is hereby requested.

Respectfully submitted,
Gardner, et al, Applicant(s)
